Multi-dimensional array → Statements

 Medium  1 minute 

7854 users solved this problem. Latest completion was about 22 hours ago.

Select all true statements about multi-dimensional arrays.

 Report a typo

✓ Select one or more options from the list

- ☒ It's possible to create an array of arrays with different length.
- ☒ A multi-dimensional array is an "array of arrays".
- ☐ It's impossible to store objects of reference types in multi-dimensional arrays
- ☐ It is impossible to create n-dimensional array with $n > 3$.

✓ Correct.
