The main method → Who is the main?

Medium 1 minute ?

2530 users solved this problem. Latest completion was 1 day ago.

What will be printed if you compile and run code below?

```
1 public class Main {
2     public static void main(String args) throws Exception {
3         System.out.printf("No! I'm still the main!");
4     }
5
6     public void main(String[] args) throws Exception {
7         System.out.printf("I'm the main");
8     }
9 }
```

Report a typo

Select one option from the list

- ☐ It will not compile
- ☐ It will compile but throw an error in runtime
- ☐ I'm the main
- ☐ No! I'm still the main!

Correct.
