

Python → Code style → [Avoiding bad comments](#)

Avoiding bad comments → Information sources

 Medium  1 minute 

15042 users solved this problem. Latest completion was about 2 hours ago.

Now it's time to use your googling skills and find the information in one of the most important Python documents: PEP 8.

Please, find the PEP 8 full text and copy the first sentence from the section **Comments** of that document.

Hint

 Report a typo

↵ Enter a short text

Comments that contradict the code are worse than no comments.

✓ Correct.
