Inheritance → Classes for Hospital

Easy 1 minute

4937 users solved this problem. Latest completion was about 14 hours ago.

In this problem, you need to develop a class hierarchy for the Hospital System.

The root of the hierarchy is the `Person` class. It represents all employees and patients of the Hospital. Doctors are kind of employees.

Please, do not make the classes `public`.

Write a program

[Code Editor](#) [IDE](#)

Java

```
1 class Person {
2
3 }
4
5 class Employee extends Person {
6
7 }
8
9 class Doctor extends Employee {
10
11 }
12
13 class Patient extends Person {
14
15 }
16
```

✓ Correct.
