What is an exception → Behaviour of an exception

▪ Easy   🕐 24 seconds   ❓

What happens to the program if there is an exception?

🗐 Report a typo

⤵ Select one option from the list

○ The program compiles but crashes right after the start

○ The program is executed up to the line with an exception, then fails

○ The program does not compile

○ The program is executed completely, ignoring the line with an exception

✓ Correct.
